

Atara Biotherapeutics Announces Proposed Offering of Common Stock

July 18, 2019

SOUTH SAN FRANCISCO, Calif., July 18, 2019 (GLOBE NEWSWIRE) -- Atara Biotherapeutics, Inc. (Nasdaq:ATRA), a leading off-the-shelf, allogeneic T-cell immunotherapy company developing novel treatments for patients with cancer, autoimmune and viral diseases, today announced that it has commenced an underwritten public offering of \$125,000,000 of shares of its common stock. In connection with the proposed offering, Atara Biotherapeutics expects to grant the underwriters a 30-day option to purchase up to an additional \$18,750,000 of shares of its common stock at the public offering price, less the underwriting discounts and commissions. All of the shares in the proposed offering will be sold by Atara Biotherapeutics. The proposed offering is subject to market and other conditions, and there can be no assurances as to whether or when the proposed offering may be completed, or as to the actual size or terms of the proposed offering.

Citigroup, Goldman Sachs & Co. LLC and Cowen are acting as joint book-running managers for the proposed offering. Mizuho Securities and Canaccord Genuity are acting as co-managers.

The shares described above are being offered by Atara Biotherapeutics pursuant to a shelf registration statement on Form S-3, including a base prospectus, that was previously filed by Atara Biotherapeutics with the Securities and Exchange Commission (the "SEC") and that became automatically effective on February 27, 2018. A preliminary prospectus supplement and accompanying prospectus relating to the proposed offering will be filed with the SEC and will be available on the SEC's website located at <http://www.sec.gov>.
